## EDUCATION

---

SRI ESHWAR COLLEGE OF ENGINEERING  
B.E. Computer and Communication Engineering

2021 - 2025  
CGPA : 7.6\*

## PROJECT

---

### Care Sync - Centralized System for Medical Management

Tech Stack : MongoDB, Express JS, ReactJS, NodeJS, C#

- Developed a secure and convenient system that enables doctors to access the medical history by authenticating through the Patient's fingerprint.
- The project aimed to streamline access of medical records during Emergency

### HUDDLE AID - AI driven Video Trimming for Personalized Content

Tech Stack : HTML, CSS, Flask, Speech Recognition Library (py), MySQL

- AI-Enhanced Video Trimming: Users can input text to specify their desired trimming points, and the AI backend accurately identifies and creates customized, shorter video clips based on their preferences.
- Personalization: The website empowers users to tailor video content to their liking, enhancing their overall viewing experience.
- Efficient Content Consumption: Users can efficiently consume video content by quickly accessing the most relevant parts of the videos they're interested in.

## INTERNSHIP

---

### ELECTRO CLOUD LABS

JUNE - JULY 2023

- Leveraged HTML, CSS, JavaScript, React, and Node.js to create an intuitive user interface for "Green Kart," an e-commerce platform connecting farmers and buyers.
- Successfully completed the project, ensuring seamless transactions and direct interaction between sellers and buyers, powered by MongoDB, Express JS, ReactJS, and NodeJS.

### 1CloudHub

NOV - DEC 2023

- Acquired hands-on experience with AWS services, including EC2, S3, RDS, DynamoDB, and Lambda, gaining proficiency in cloud computing infrastructure.
- Applied learned skills to optimize and deploy scalable solutions, enhancing my understanding of cloud-based technologies during the internship.

## CERTIFICATES & EXPERIENCE

---

- The Complete 2023 Web Development Boot Camp by Udemy
- Mastering Data Structures and Algorithms using C and C++ by Udemy
- Object Oriented Programming in Java by Coursera
- [Leetcode](#) - Rating: 1602 | 311 Problems Solved
- [CodeChef](#) - Rating: 1349 | 173 problems solved
- [SkillRack](#) - Rank: 4253 | 1487 problems solved

## SKILLS

---

- Language - C | JAVA | Python
- Query Language - MongoDB | MySQL
- Web Technologies - ReactJS | NodeJS | Bootstrap
- Core Concepts - OOPS | DSA | DBMS
- Tools - VScode | Figma | Github | Visual Studio
- Cloud - AWS
